NIGERIAN MINISTRIES

PO Box 128, Savannah, OH 44874

Greetings Brothers and Sisters In Christ

God is doing amazing things on the continent of Africa. At a recent prayer breakfast, I shared my vision of finding one person for every country in Africa with the small group I was assigned to. From that small start I was put in touch with two bishops (pastors) in Kenya, one who is over 17 churches and another over 30 churches. They are ready to train around 30 pastors in these churches using the Bible study materials we have put together. Pray that this ministry in Kenya continues to have a hunger for the word of God and we are able to provide training.

In Nigeria, Pastor Francis Poyi Zinchak is teaching the “Essential Bible Doctrine” class to 61 new students. This is at Zion Baptist Church in Kaduna state. Pray for Pastor Francis and these faithful servants as they learn doctrine from the Word of God.

The Bible Institute is the means we are using to equip people with the word of God. This institute will prepare them to continue their training at the college level. In the coming months we will have more to say about the New Covenant Bible College and the work in reaching out with the Word of God. Through a combination of live Bible Institute classes and online Bible college class we will strengthen the people in the Word and send them out to share the gospel of Jesus Christ.

The Covenant Farm had a plan to bounce back after losing all their pigs last year to an epidemic that wiped out the herd. That plan includes tighter biosecurity and better training and Sam Mbok has made tremendous progress in re-establishing the Farm. Here are the newest residents.

The farm serves as an opportunity to teach livestock husbandry alongside stewardship and evangelism. There is currently a great need because COVID has caused inflation and the feed prices have more than doubled, exceeding the budget. Sam would like to buy up as much food ahead of time as he can before the price goes up even more. If you can help with this need, we would love to have you donate.

Please pray as we seek to make more disciples for Jesus Christ. We are working in and through local churches as much as possible using Zoom, but we are relying on faithful men like Sam for face to face classes.

Please let us know how we can also pray for you.

Thanks and remain blessed.

Yours in His service,

Victoria and Manasseh Wakawa
